Re: United States v. FMC Corporation, Civil No. CIV 98-0406-E-BLW (D. Idaho)
Proposed SEP 14 Budget Reallocation

Dear Mr. Stone and Ms. Davis:

This is in response to your letter dated January 23, 2013, requesting that the Environmental Protection Agency (EPA) approve additional changes to the budget figures specified in Attachment B of the above referenced consent decree for the Fort Hall Environmental Health Assessment Supplemental Environmental Project (SEP 14). EPA first approved changes to the Attachment B budget figures by letter dated February 24, 2010.

The proposal for additional changes was submitted as a joint request from both FMC and the Shoshone-Bannock Tribal SEP 14 Study Management Team (SMT) representatives. The SMT proposes increasing the currently approved budget figure for Study Management Team by \$50,000 and reducing the approved budget figure for Study Planning and Development by that same figure. The SEP 14 provisions in Attachment B of the consent decree require that any budget reductions be approved by EPA.

EPA has reviewed the budget re-allocation proposal you submitted on behalf of the SMT and approves the budget revisions proposed in the letter and in the enclosed table.

If you have any questions, please contact Kevin Schanilec at 206-553-1061. Questions from legal counsel should be directed to Andrew Boyd at 206-553-1222.

Sincerely,

Edward J. Kowalski
Director
